BISHOP WAYMAN's defense of the Bible at the African Methodist church last evening, in answer to Bob Ingersoll, was heard by a good-sized audience. The Bishop handled the subject in a learned and instructive manner, and proved to the satisfaction of all his christian hearers that Bob is simply a sensationalist, and wrong in his assault on the book of books. The Bishop, who is a very entertaining and witty speaker, has been in the city since Saturday, and his people have made his visit both pleasant and profitable.

THE FOURTH.

How the Day will be Celebrated in and About Decatur to-morrow.

To-morrow will occur the 10th anniversary of the Nation's declaration of independence, and it will be celebrated by the ever present small boy and the big folks as well throughout the land. July 4th is always a hot holiday and it promises to be warm enough to suit the ice dealers and congealed cream dispensers this year.

The members of the Decatur Woman's Christian Temperance Union have made extensive preparations for a proper patriotic observance of the day at the fair grounds, and they cordially invite the public generally to join them in the festivities. The Grand Army band will be present, and Captain Lincoff, of Michigan, will deliver the oration of the day. Other speakers have also been secured. An abundance of refreshments will be provided for all who visit the grounds, which are nicely shaded. Spent the day with the ladies.

The members of the Reddick club and friends will picnic during the afternoon at Hickory Grove.

There will be a grand display of fireworks at the tobacco store to-morrow evening under the management of the Decatur Rifles, who will also give a fair and festival during the evening, being a continuation of the affair that will be inaugurated this evening. There will be a competitive drill between sergeants of the local companies for a gold medal, and various articles will be voted to popular persons.

Elder Good, of Harrisburg, will be the orator of the day at the Union celebration to be held at Bachelier's grove northwest of town. A picnic dinner will be discussed. Miss Amanda Pihokrell will read the Declaration of Independence.

OUTDOOR AFFAIRS.

The Catholics will observe the day on Cassell's Hill.

The German Methodists will picnic at the E. R. Eldridge spring grove on Decatur street.

The German Lutheran congregation and friends will give a picnic celebration at Webber's Park.

The Fourth at Niantic.

The patriotic citizens of Niantic will celebrate the fourth at Lookhart's grove, and will be addressed by Mr. James Graham, superintendent of the Niantic mine.

Capt. Jos. Wilkinson, who is in town to-day, says there is no foundation for the report that he will attack the eagle on this occasion, inasmuch as he is opposed to airing his eloquence except in the presence of some of his Decatur admirers, who he regrets to learn, will be engaged elsewhere to-morrow. As a passing remark, the Captain says there never was another such a literary lie perpetrated as that which has been so often quoted.

"Full many a flower is born to blush unseen, And waste its fragrance on the desert air."

He says no literary or scientific "flower" was ever so unfortunate as to waste itself on desert air—that no matter how obscure may be a man's surroundings, there are those who appreciate his genius and give him full credit for his worth.

THE TOY PISTOL.

The toy pistol reached the zenith of its fame a year ago, as the casualty lists of that period show, and during the month of July it displayed remarkable industry. There were 209 toy pistol cases for the corner or the doctor during last summer. In New York there were 68 accidents of which 18 proved fatal; in Massachusetts 39, of which 12 proved fatal; in Pennsylvania 22, of which 10 proved fatal; in Connecticut 10, of which 5 proved fatal; in New Jersey 10, of which 5 proved fatal; in Rhode Island 4, of which 3 proved fatal; in Maine 6, of which 4 proved fatal; and in Chicago 60, of which 12 proved fatal. For a long time the toy pistol was the most deadly engine of destruction in America, and people who delighted in playfully pointing it at each other never failed to kill. But the toy pistol has nearly driven the "unloaded" gun out of the field and is quoted as A 1—100 years—on the lists of the corner and undertaker and the life insurance people. Let every parent and citizen consider himself a committee of one to abate the deadly toy pistol to-morrow, that there may be no accidents, nor sorrow, nor tears in the households.

Clear and hot in Decatur, thermometer ranging from 94 to 98 in the shade. At 9:30 a. m. it was clear in Chicago, thermometer at 81; at St. Paul, Clear, 85; at Omaha, clear, 81.

Came to Blows.

Last evening Will F. Snyder, city editor of the Herald, and Hon. S. S. Jack, editor and proprietor of the Review, had an altercation at the foot of the stairway at the Millikin bank corner. Mr. Jack and I. D. Walker were sitting in the stairway talking when Mr. Snyder came along, and stopping he interrogated Mr. Jack about an offensive paragraph that appeared in the Review on Sunday morning. A few words passed when the Review editor called the Herald man a liar, whereupon Mr. Snyder reached for Mr. Jack and struck him several blows on the head with his fist. Mr. Jack offered no resistance except to attempt to ward off the blows. Ald. Dimme who was passing at the time caught Snyder under the arms and lifted him bodily to the edge of the sidewalk, and Mr. Walker pulled Mr. Jack from his assailant; the lawyer breaking his gold watch chain as he did so. Other Bailey appeared on the scene at this juncture. He and Mr. Snyder appeared before Justice Corley. Snyder pleaded guilty to an assault and was fined \$3 and costs, making a total of \$4.50, which he paid and was allowed to go his way in peace. The unusual incident—a fight between two Decatur editors—caused a large crowd and naturally occasioned much talk. There are several morals to be drawn from this incident, but as space is limited to-day our readers will have to make the applications themselves.

THE JULY SESSION.

Meeting of the City Council Last Night—Resignation of Ald. Hardy.

The regular July meeting of the city council was held last night, the mayor and all the aldermen present except Schroll. The minutes of previous meetings were read and approved.

Petitions asking for three brick walks, one in the fifth ward, leading to the new school house from corner of Stone and North streets, another on east side of Broadway from Eldorado to Orchard, and other 60 feet long on Broadway to Chronicle's store, were read and referred.

THE DRINKING FOUNTAIN.

A petition was presented signed by a number of persons asking that the John Irwin drinking fountain be declared a nuisance and removed, that petitioners might sleep more peacefully at night. The prayer of the petitioners was granted.

RESIGNATION.

Mr. A. W. Hardy, who has been a very useful and careful member of the council as alderman from the fourth ward, tendered his resignation, and it was accepted. A number of the aldermen made complimentary references to Mr. H's services. Mr. Hardy contemplated leaving Decatur at an early day for the purpose of locating with his family at Carthage, Mo., where he may engage in the wholesale and retail ice business.

STANDING AND SPECIAL COMMITTEES.

The following reports were received and placed on file:

HOUSE NUMBERING REPORT.

On the undersigned committee on public improvements of the city of Decatur, to whom were given the power to measure the streets, number the houses, stores and buildings in the city, and prepare a map of the same, do hereby report Charles O. Elbel & Co. to measure the said streets and prepare a map showing the location of each and every house, building and store in the city upon the same, together with the number designated for each of said buildings, stores and houses, and that after said measurements have been made and map prepared the same shall be submitted to the committee for its approval; that after the said measurements, assigning of numbers, and said map has been approved by the committee, we empower the said Charles O. Elbel & Co. to deliver to the occupants of said houses, stores and residences the proper number designated to each; which work is to be done free of charge and the cost of the same to be borne by the property of the city, the said map to be prepared and submitted to the committee on or before June 30, 1883.

T. T. ROBERTS, Wm. Schroll, JOHN GOVERN, J. W. ALEXANDER, A. W. HARDY.

We hereby accept the above appointment.

CHARLES O. ELBEL & Co.

THE WATER COMMITTEE.

DECATUR, July 2, 1883.

The committee on water works respectfully report that the Illinois Central railroad will not accept the offer of \$100 per month, the company says it cannot without considerable expense keep a record of the exact amount of water used by it. The officers of the company say they will water eighteen engines per day taking about 1,000 gallons each. They report that it does not cost them more than fifty-five dollars per month to supply all the water now running over their tracks, including the water used by the Central hotel. Your committee would recommend that the city furnish the company water at sixty dollars per month.

A. D. DILL, A. STUMM, T. T. ROBERTS, V. H. PARKER, JAMES C. LAKE.

SPECIAL REPORT.

To the Committee on Public Improvement.

Gentlemen:—The undersigned having been appointed to make estimates for the improvement of Prairie street between Water and Main and Merchant streets would report that after a careful examination of said streets we have concluded that the existing grading and paving of said street according to ordinance will cost thirty-three hundred and fifty-eight dollars (\$3358).
